

Introduction to Qualitative Interviewing

Notes for Participants

Please read these notes before the training.

The course pack prepared for you includes all the material you need for the course. This includes:

1. Programme
2. Suggested readings
3. Power Point slides
4. Four handouts with examples of interview schedules
5. Optional reading – How Many Interviews is Enough?

There is no preparation required ahead of the course, however participants can look over the handouts for the breakout activities before the course if they wish.

As this is an interactive course, I would be grateful if you could check that your camera and microphone are working ahead of time, so that you will be able to fully participate in discussions and group activities in the breakout rooms.

Thank you. I look forward to meeting you on the course.

Best wishes,
Karen
